Basic settings

Child lock

The oven functioning can be blocked (for example to stop it being used by children).

1. To Block the oven, press the **Stop** key **(7)** for 3 seconds. When a key is pressed the display shows a Key symbol and the oven performs no function.

2. To unblock the oven press again the **Stop** key **(7)** for 3 seconds.

Timer

1. Press the "**+**" key **(4)** until the **Timer** indicator flashes.

2. Press the **OK** key **(5)**.

3. The numbers flash. Press the "**+**" **(4)** and "**-**" **(3)** keys to set the desired time.

4. Press the **OK** key **(5)**. The timer will countdown to zero and at the end of the set time the oven will sound 3 beeps every 30 seconds until the **OK** key **(5)** is pressed.

To cancel the active Timer function repeat the above steps but setting the time to zero

3. With the "**+**" **(4)** and "**-**" **(3)** keys set the desired operating time.

4. Press the **OK key (5)**.

5. Press the **Start key (6)**. The oven will start to operate.

When the oven is working...

Interrupting a cooking cycle

You can stop the cooking process at any time by pressing the **Stop** key once or by opening the oven door.

In both cases:

- **Microwave emission is stopped immediately**.
- The grill is de-activated but is **still very hot. Danger of burning!**
- The timer stops automatically, indicating the operating time that is left.

If you wish, at this time you can:

1. Turn or stir the food to ensure it will be evenly cooked.

2. Change the process parameters.

To restart the process, close the door and press the **Start** key

Altering parameters

The function and temperature can be altered when the oven is operating or when the cooking process has been interrupted by simply turning the respective knob to the new setting.

To change power level and operating time, please proceed as follows:

- Press the "**+**" and "**-**" keys to change directly the operating time.

- Press the **Ok key** to enable power change. The **Power Level Indicator** starts to flash.

- Press the "**+**" and "**-**" keys to change the power level.

- Press the **OK key**.

Cancelling a cooking cycle

If you wish to cancel the cooking process, rotate the **Function Selector** until zero or press the **Stop key** twice.

End of a cooking cycle

When the set time has elapsed, the oven beeps and the Display shows END.

If you have finished the cooking process, turn the function selector and the thermostat to zero.
