MALBEC

Malbec started life as a classic Bordeaux grape. Thankfully the Argentines not only adopted it as their wine of choice but also pioneered its development to the point it's now a terrifically important example of New World viticulture techniques. You'll find lots of regional variation in the taste but they all pair wonderfully with Uruguayan Wet Aged steak!

CARMENÈRE

Like many of the Chilean varieties, Carmenère originated from France. In this instance, Medoc. Like Petit Verdot it was originally a blending grape but has become somewhat of a specialty in Chile as a single varietal after its development over the last 20 years or so.

CABERNET FRANC

The. Next. Big. Thing. In Argentina. Certain winemaking regions of Argentina are now replanting their crops of Malbec with Cabernet Franc (Cab Franc if you're short of time) in preparation for the international explosion which is sure to occur in the next 4-5 years.

TANNAT

A grape originating from the Basque region in Spain or Madiron in France depending who you ask. Basque settlers brought Tannat over to Uruguay however it's seen a little more success in Salta, Argentina, where powerful, intense, rich and explosive wines are produced. In Brazilian expressions we see violet, ruby & chocolate.
